

Subject Name

Examination Board/Syllabus: EDEXCEL and GCSE

Tiers of Entry: There is a single, common tier of entry.

Course Content

The course has been chosen as it gives students a challenging yet exciting training in the skills and work of the historian. The syllabus divides down into the following areas:

PAPER 1 – Medicine from Medieval times to the Present.

This looks at the development of medical ideas and practice from the earliest times through to the present day. The aim is to give students some understanding of the factors influencing change and progress in a different (and sometimes gruesome!) way. It also includes a study of one Historic Environment – The Western Front. This looks at the impact of trench warfare, with a focus on treatment of casualties.

PAPER 2 - This paper is split into two half papers: The Cold War and Anglo-Saxon and Normans

The Cold War - Students study the way in which the USA and USSR competed for global dominance between 1945 and 1990

Anglo-Saxon and Norman England - How did the Norman Conquest change life in England from Anglo-Saxon times.

PAPER 3 - USA 1954-1975: Conflict at home and abroad

This Unit looks is based on examining and testing sources of information. It looks at the Civil Rights Movement, the War in Vietnam and the protest movement that this provoked.
